“Choosing an AED can be confusing. That’s why we use Think Safe. They give our clients a total solution that fits their needs without unnecessary expenses. I do not hesitate to recommend Think Safe for sourcing all our AED needs.”

- Natalie Kracht
Allen Occupational Health Clinic

Emergency Instruction Device

First Voice Emergency Instruction Device (EID) #AVU5001

Multilingual! A lifesaving device designed to calm and effectively coach users on hundreds of first aid emergency scenarios. The simple and easy-to-use touchpad gives direction on how to respond quickly and accurately with audible and visual instructions. Depending on the severity of the situation, the EID continues to ask questions until it understands the situation and can accurately give instruction on how to proceed and further treat the injured person. The yes/no buttons are used to answer. Be prepared in the event of a sudden emergency; limited or no first aid/CPR training necessary. Intended for use by infrequently trained or volunteer rescuers; protocols comply with AHA/ECC standards. 3-year warranty.

\$249.00 MSRP

Endorsed by the

Approved by major training organizations.

#AVU5001

English & Spanish come standard!

Dental ACLS EID #AVU5001D

Intended for use by dental office or other healthcare professionals. Protocols comply with AHA/ECC standards. 3-year warranty.

\$299.00 MSRP

EID Upgrades

Data cards allow your EID to have strict adherence with any major training organization protocols. Inserting a new data card is a simple process with the easy access port on the back of the EID.

Physician Endorsed

“The FirstVoice EID is ideal for improving safety in corporate and institutional environments, schools and childcare centers, sports fields and arenas, parks and recreational facilities, and other public gathering places. Because the EID provides excellent skill reinforcement, I strongly recommend it. It’s also a valuable tool for OSHA compliance and Homeland Security readiness.”

- Dr. Donald Linder, Diplomat, - American Board of Emergency Medicine, Emergency Staff Physician, Chief Medical Examiner of Linn County, Iowa, and Adjunct Clinical Professor of Emergency Medicine, - Carver College of Medicine, University of Iowa.

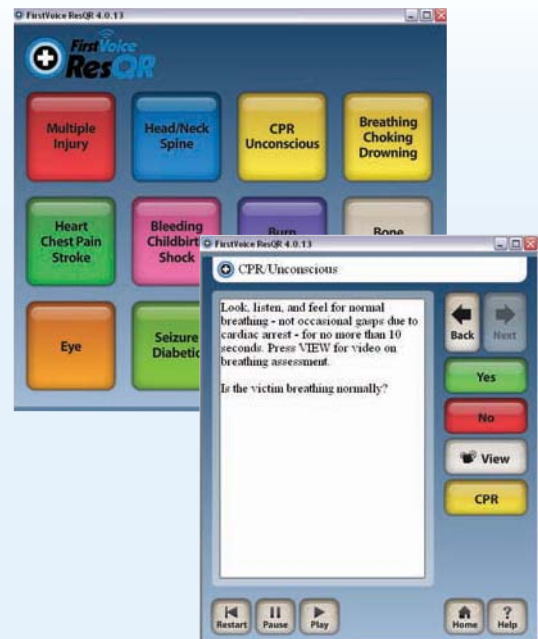

ResQr First Aid & CPR Coach

First Voice ResQr First Aid & CPR Coach #R1000

ResQr First Aid & CPR Coach is a talking first aid and rescuer training software application. A combined instant first aid and emergency response audio and visual instruction manual and first aid/CPR training refresher software application, ResQr walks you through what to do for hundreds of first aid emergency scenarios. Software uses yes/no buttons to integrate key triage steps, prioritizing injuries for hundreds of major or minor first aid scenarios. Compliant with major training organizations and updated ECC protocols. Compatible with Windows 95 or newer computer or Windows Pocket PC 2003 and newer.

Backed by current National First Aid Science/ECC/AHA standards, the instructions cover when and how to use available first aid supplies and provide important reminders about personal protection, scene safety, and obtaining consent. Visit www.think-safe.com to find out more about the developer's first aid and CPR industry expertise.

Having an emergency coach with you at all times allows you to be the rescuer in situations involving:

- Severe bleeding
- Seizures
- Diabetic treatment
- Heart attack
- Chest pain
- Stroke
- Knocked out tooth
- Amputations
- Wounds with protruding objects
- Nose bleeds
- Gunshot/stabbing wounds
- Abdominal injuries
- Organ/bone exposure
- Cuts and scrapes
- Shock
- Emergency childbirth
- Protruding eye injuries
- Chemical exposure
- Flash or welding burns
- Foreign matter in the eye, object embedded in the eye
- Bone and sprain injuries
- Head/neck/spine injuries including airway management
- Slings and splinting
- Automated external defibrillator use
- Heat/thermal burns
- Chemical burns, electrical burns
- Heat stroke or stress, cold-related emergencies
- Chemical/biological/radiation emergencies
- Allergic reactions, bites and stings
- Snake, scorpion, spider, animal bites and marine stings
- Homeland security readiness
- ...and many more!

Responder Kits

First Voice Responder Kits

Equip your teams with organized and easy-to-use First Voice bag systems that contain everything you need for major or minor first aid emergencies. First Voice Responder Kits come with prepackaged supplies held in a durable bag and include a color-coded handbook that helps you manage all major first aid emergencies easily.

Meets and exceeds
OSHA & ANSI standards!

Includes: High quality durable case or bag system with prepackaged first aid/PPE supplies matching EID buttons, AmpuSave, BBP cleanup kit, EMS Handoff forms, First Aid Report forms, Inventory refill checklist, Maintenance checklist, Inspection tag, Tamper-proof seal system, Responder handbook (140+ pages), User manuals and instruction cards, and 3-year warranty on First Voice products.

\$1799.00 MSRP

"We had a situation where we had an OSHA reportable incident – a major trauma – after 3 years of no unintentional injuries or reportables. It was a major bleeding trauma and the First Voice took the employee responder's adrenaline down a notch and helped them to focus. The bleeding pack had everything we needed and the EID instructions provided the guide. The infrequently trained responder and their employer need to know about your SET system. Our occupational health doctors told us we were vital in helping save the employee's hand!"

- Vic, Quality, Safety, Health, and Environmental Manager.
Fresno, CA Fortune 500 manufacturing facility.

First Aid Kits

First Aid Cube #FAP152

A recent study shows that many organizations still do not own adequate first aid kits. With the First Aid Cube, you get the most comprehensive portable first aid kit on the market and for up to \$100 less than competitor models! There are over 95 items in our rugged Cordura soft-sided case, including emergency intake forms to hand off to EMS, trauma dressings, glucose, CPR barrier, and many other items that are not standard with off-the-shelf ANSI compliant first aid kits. The First Aid Cube is the multi-dimensional fit for work, sports, home, and life.

Features: YKK zippers, Double-zipper closure, Detachable clasp on handle, Cordura nylon, velcro attachment system, and 3-year warranty. Size: 8.5"W x 4.5"D x 7"H

Nationally Accredited

Online Training

CPR and first aid training just got easier for you and your staff! Join the thousands of businesses like yours that have discovered the benefits of online CPR or first aid training!

Think Safe offers Nationally Accredited online CPR or First Aid certification training. Online Multimedia training is accepted by the U.S. Government, OSHA, and many other certifying authorities. Thousands of physicians, dentists, nurses, teachers, coaches, industrial workers, and parents have been certified with online training.

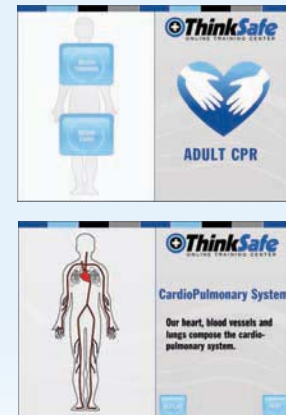

The Think Safe Online Training is accredited through the American Health Association (AHA), a national training organization that meets ECC guidelines including all fifty states' training requirements. Think Safe follows the same accreditation guidelines as the American Heart Association and Red Cross.

Online Training Benefits include:

- ✓ Availability of training at any time with Internet access
- ✓ Less time used with a course length of 30-60 minutes versus several hours with an instructor
- ✓ Approved method of CPR or First Aid certification issued from the AHA
- ✓ Significant savings on the class itself and the amount of time spent by employees
- ✓ Scheduling flexibility of training one person at a time versus coordinating a group
