LIFE-101	Spare Cylinder Assembly complete with cylinder, valve, gauge & O2 fill	

LIFE® OxygenPac is attractive. Prominently displayed, it makes the simple but strong statement,  
*"This Organization Cares For Its Employees And Visitors."*

*Uncompromisingly manufactured with quality materials, technology, and workmanship*

**LIFE® OxygenPac MEETS OR EXCEEDS ALL GOVERNMENT AND FDA REQUIREMENTS: A NON-PRESCRIPTION DEVICE INTENDED FOR EMERGENCY USE.**

FDA Regulation minimum capability is 6 LPM flow rate.  
 LIFE® 612™ models deliver both the FDA minimum of 6 LPM  
 And the AHA recommended 100% inspired oxygen at 12 LPM,  
 In just two simple settings which read "NORM" & "HIGH".  
 "More is better (HIGH), but less lasts longer (NORM)".  
 Only LIFE Corporation offers the simple 6&12 LPM flow rates.

**American Heart Association Guidelines for CPR Oxygen**

- ☒ "... give 100% inspired oxygen during Basic Life Support ... and Advanced Cardiac Life Support ... (BLS & ACLS) ... as soon as it becomes available."
- ☒ "... use supplemental oxygen...at a flow rate of 10-12 LPM ... to enable delivery of 100% inspired oxygen" (initially).
